

RECLAMATION PROGRAM GUIDELINES

EcoWorx + ReWorx + Shaw Manufactured Resilient (LVT + SPC)

Through our Environmental Guarantee, Shaw pledges to transport and recycle EcoWorx, ReWorx and Shaw manufactured resilient flooring within the United States and Canada at no cost to the customer.

- **Continental U.S. and Canada locations** - 500 square yards (EcoWorx + ReWorx)/5,000 square feet (Shaw Manufactured Resilient) or greater are eligible under the guarantee.
- **Alaska, Hawaii, U.S. Territories and Mexico** - 5,000 square yards (EcoWorx + ReWorx) or greater are eligible under the guarantee (Shaw Manufactured Resilient is not eligible).
- **All other international locations** – only 5,000 square yards or greater of EcoWorx are eligible under the guarantee (ReWorx and Shaw Manufactured Resilient are not eligible).
 - Shaw will pay for the transportation cost of EcoWorx material back to Georgia from any international port
 - Costs incurred to transport EcoWorx from its origin to an international port are not included as part of the Environmental Guarantee

Other Commercial Carpet Types

- To be eligible to be an externally recycled reclamation, the project must be:
 - Minimum of 500 square yards
 - Associated with a replacement order through Shaw in the same or greater quantity
 - Located within the continental U.S. or Canada
- Upon receipt of the reclamation project request, Shaw re[TURN] reclamation will determine the best recycling option for the material and submit a proposal for customer approval as soon as possible.
 - Allow up to 3 business days to receive a project proposal for approval.
 - Allow 5 business days for transportation scheduling from proposal approval date.
- The project cost will be direct billed to the existing Shaw customer account on a separate invoice.

Transportation Guidelines (All Flooring Types)

- The pick-up location should be able to accommodate a 53-foot trailer and a live load of the material.
 - Additional required services such as pup trailers, dropped trailers, etc. will be provided as necessary at additional cost. These services are available in the continental United States only.
 - Trailers must be clean of any non-flooring debris (i.e. construction waste, cardboard boxes, trash, etc.).
 - A trailer refusal fee will be applied to any project that is not available for pick-up at the scheduled time.
- Shaw will not be held liable for any non-conforming material or any charges that arise from non-conforming loads. Any additional costs or liability associated with a non-conforming load will be passed on to the customer.
- Shaw will provide a proof of recycling certificate upon project completion. The certification process may take up to 30 days from the pick-up date.
